***"Wenn wir ein kleines Licht weitergeben,
strahlt immer ein bisschen Wärme zurück."***

*Dass eine Lichtquelle sprudelnde Lebensenergie ist,
hat schon Buchautor Siegfried Wache festgestellt.*

*Zu einer solchen Lebensenergie möchten wir mit
unserem Leuchtensortiment 2026 einen kleinen
Beitrag leisten.*

*Mit unserem leistungsfähigen Sortiment, das sich
durch innovative Lichttechnik, hohe Produktqualität
und attraktives Design auszeichnet, hat sich die
Marke erfolgreich national wie international etabliert.*

*Als zukünftiger Marktpartner sichern wir, die Global
Technics GmbH, die gewohnt zuverlässige
Markenqualität verbunden mit Leistungsfähigkeit
eines international erfahrenen Vertriebspartners zu.*

*Wir möchten gerne Jahr für Jahr, mit einem
zeitgemäßem Sortiment, zu dieser "sprudelnden"
Lebensenergie beitragen.*

Auf diesen gemeinsamen Weg freuen wir uns!

***"When we pass on a little light,
a little warmth always radiates back."***

*The author Siegfried Wache already said that a light
source is bubbling life energy*

*We would like to make a small contribution to such a
life energy with our 2026 range of lights.*

*With our powerful range which is characterized by
innovative lighting technology, high product quality
and attractive design, the brand has successfully
established itself both nationally and internationally.*

*As a future market partner, we, Global Technics
GmbH ensure the usual reliable brand quality
combined with the performance of an internationally
experienced sales partner.*

*We would like to contribute to this "sparkling" life
energy year after year with a contemporary range.*

We look forward to this journey together!
